1.) Create a flowchart that prints your name five times.

```
        ┌─────────┐
        │  Start  │
        └─────────┘
             │
             ▼
        ⬡ ctr=0 ⬡
             │
             ▼
       ╱ Get Name ╲
             │   ◄─────────── ( B )
             ▼
      ┌─────────────┐
      │  ctr=ctr+1  │
      └─────────────┘
             │
             ▼
    ╱ Display "Name" ╲
             │
             ▼
           ( A )
```

(A)
│
▼
◇ Is ctr>=5 ◇ ──No──► (B)
│
Yes
│
▼
┌───────┐
│ End │
└───────┘
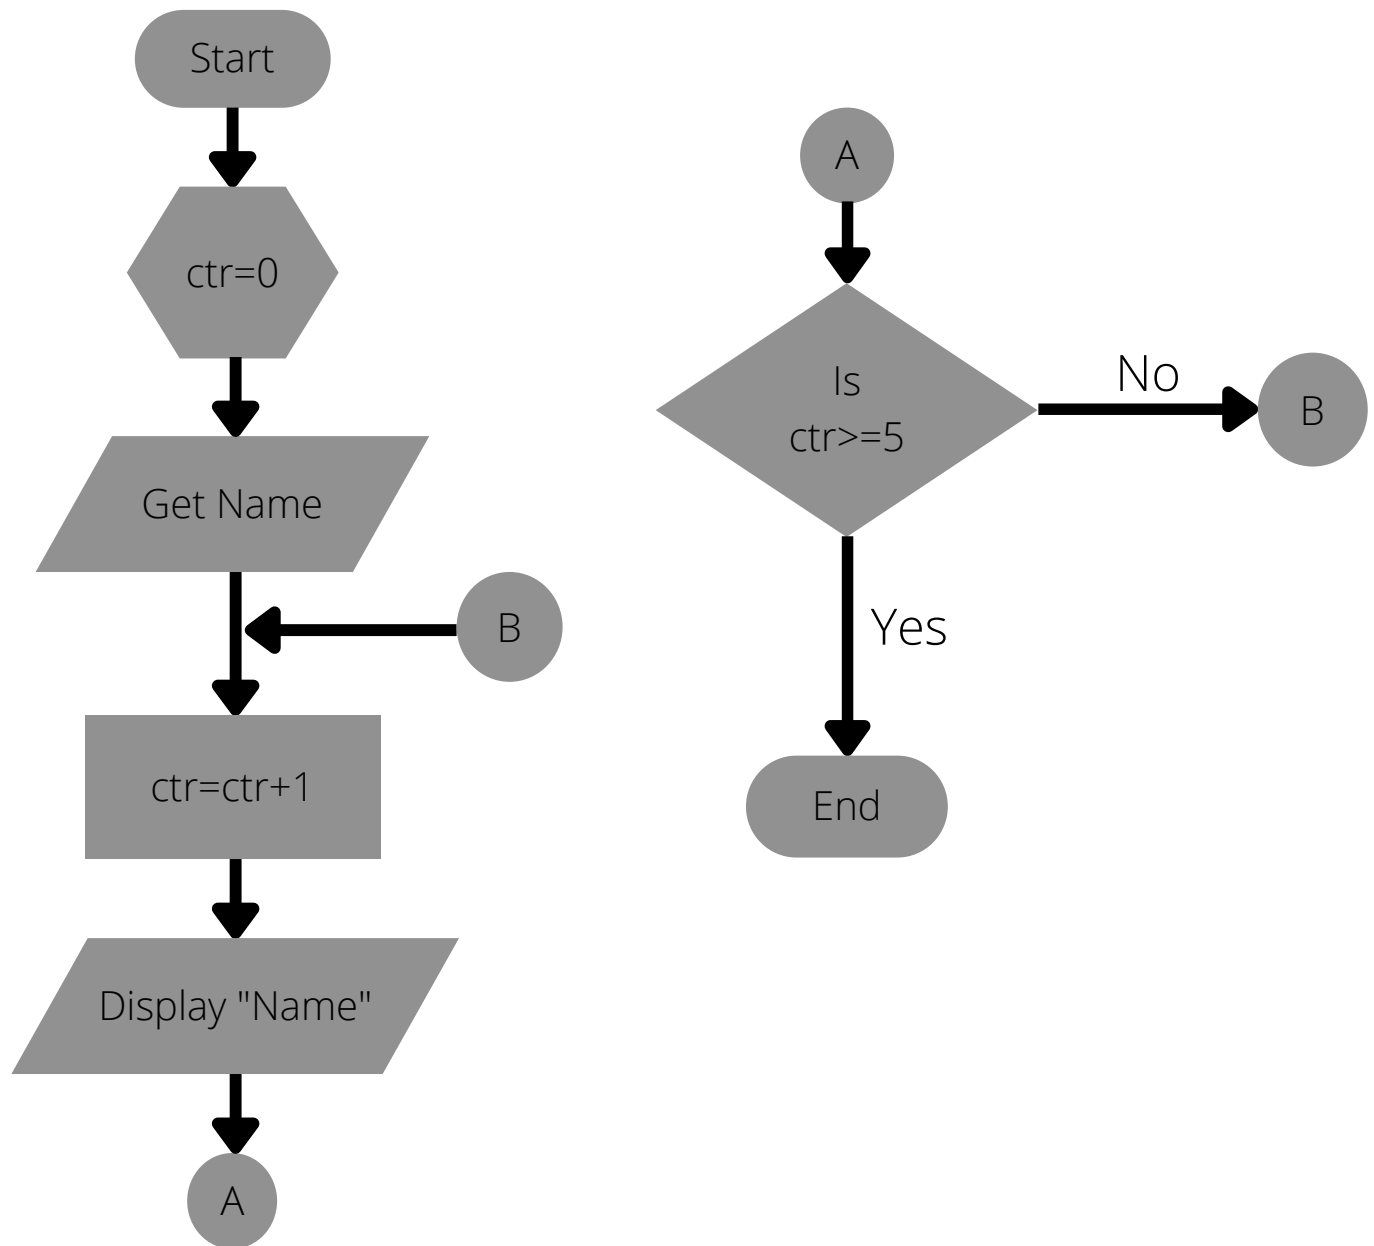

2.) Create a flowchart that will print the sum of all odd numbers from 1-100

Start

C=1
OdN=1

SOdN=OdN+2

SOdN=SOdN+2 ← B

C=C+1

A

A

Is C>=50 → No → B

Yes

Print "SOdN"

End
